# Fractional Continuous Improvement Manager

*Leadership, not just recommendations.*

You don't need another report telling you what's wrong — you need someone in the room, driving the fix. A Fractional CI Manager gives you an experienced improvement leader embedded in your business, for a set number of days a month: a genuine seat on the leadership team, without the cost or lead time of a full-time hire.

## WHO THIS IS FOR

- Growing SMEs past ad-hoc problem-solving, not yet ready for a full-time CI hire
- Start-ups wanting scalable process built in from day one
- Businesses with a good report and no one to implement it
- Teams rebuilding after a CI role has become vacant

## WHAT YOU GET

- A genuine seat at the leadership table, not an outside advisor
- Hands-on ownership — they lead the fix, not just recommend it
- Coaching that builds your team's own long-term capability
- Flexible cadence, heavier early and tapering as you take over

## HOW IT WORKS

1. Discovery conversation
2. Scope & cadence
3. Embed & assess
4. Lead & coach
5. Evolve the arrangement
